

yachting agencies

If you are thinking of working on a yacht or superyacht, we would suggest you purchase 'Working on Yachts & Superyachts' by Jennifer Errico. Published by Vacation Work. You can buy this book from www.vacationwork.co.uk. This book has a wealth of information about the types of jobs available, crew agencies, life on board, worldwide sailing locations and qualifications and courses. It is well worth buying!

The following agencies represent a small number of the ones available for employment. You will need to decide which area you would prefer to work in eg. the Caribbean, the Mediterranean etc. and then concentrate on those agencies who best represent that area.
